PROFILE

Dedicated Web Developer with over 3 years of experience in designing, developing, and managing websites and applications. Proficient in PHP, WordPress, and modern web technologies, with a proven ability to deliver seamless user experiences and optimized performance. Adept at front-end and back-end development, passionate about solving complex challenges and driving innovative projects.

EDUCATION

Bachelor of Science, Physiology
University of Lagos, Akoka Lagos

2018 – 2023
Lagos, Nigeria

PROFESSIONAL EXPERIENCE

Web Developer

Africa Fish Welfare (AFIWEL)

2025 – present
Abuja, Nigeria

- Developed afiwel.com, the official platform for a pan-African initiative promoting ethical, welfare-driven, and sustainable fish production systems across Africa's top fish-producing countries.
- Built a responsive, user-friendly interface to support education, capacity building, and implementation of fish health and welfare practices, scaling up prior pilot activities from Nigeria.
- Optimized the site for mobile accessibility and ensured seamless functionality to engage diverse stakeholders.
- Delivered a scalable solution aligning with the project's mission to enhance fish production sustainability.

Website Manager

FricaLearn

2024 – present
Gillingham, Kent, UK

- Manage the website of a UK-based organization dedicated to preserving African languages and cultures.
- Implemented features that promote user engagement, such as multimedia content, event updates, and an intuitive navigation system.
- Enhanced website functionality and performance, increasing visitor retention by 30%.
- Conduct regular updates and optimizations to ensure security and smooth operation.

Web Developer

Beemak Foods

2023 – 2025
Mambourin, Australia

- Developed the Beemak Foods website to create dynamic and responsive user interfaces.
- Crafted visually appealing and user-friendly pages, prioritizing a balance between aesthetics and functionality to optimize the overall user experience.
- Collaborated closely with cross-functional team members, fostering a dynamic and cooperative work environment.
- Engaged in ongoing communication to align website development goals with broader organizational objectives, contributing to the overall success of projects.
- Managed social media platforms and improved brand visibility by integrating website content with social media campaigns.

Web Developer

Affordable Data Connect

2024 – 2024
Lagos, Nigeria

- Designed and developed a VTU website to solve common issues related to airtime, data, and cable subscriptions.
- Created a user-friendly interface and integrated streamlined payment options for seamless transactions.

- Optimized the website for mobile responsiveness, ensuring accessibility across devices.
- Provided ongoing support and maintenance to ensure smooth functionality and customer satisfaction.

Front-end Developer

Venture Tribe [↗](#)

2023 – 2024
Lagos, Nigeria

- Collaborated with a cross-functional team of back-end developers, UI/UX designers, and data scientists to develop **Tell-a-doc**, a sustainable tech product aimed at improving healthcare accessibility.
- Contributed to the development and integration of front-end and back-end systems, ensuring smooth functionality and a user-friendly interface.
- Played a key role in identifying and solving technical challenges during the product lifecycle.
- Gained valuable experience in working within an agile environment to build scalable tech solutions.
